To whom it may concern,  
This is a letter for you to stop oiling and damaging  
the forests and killing plants and animals. Did I  
know that it could kill one of us?... No! We need  
to stop and act know before it is too late  
to act. It is very dangerous and we need to  
be very careful.

Sincerely,  
Wendy

Dear San Luis Obispo Supervisor  
I AM WRITING TO ASK YOU TO  
HELP STOP THE OIL TRAINS  
FROM COMING PAST MY SCHOOL!  
and there is a lot of  
dangerous cargo in these  
trains and if it fails it  
will be a big fire  
then people will die and  
we ~~won't~~ want to  
people to die and that  
is a bad thing so  
please stop oil from coming  
over here.

Sincerely, Daniel

Dear San Luis Obispo Supervisors  
I am writing to you  
to stop the oil  
cars because it can  
blow up and it  
can turn into a  
fireball and I don't  
want our school  
to blow up near  
our school and it  
can probably kill  
hundred even thousands  
Please stop the trains  
so the accidents stop.

Sincerely, Jesse

I am writing to ask you to help stop the oil trains from coming past my school they are sending 80 oil cars and they have 30,000 oil in each one that is bad. If that explode again the fire ball can hit a tree, house, people and that can cause a bad thing, and it is bad putting oil in the ocean that can kill animals.

1/26/16

Dear San Luis Obispo Supervisors,  
I am writing to ask you to help stop the oil trains  
from coming past my school. I found out that trains can  
have 2,400,000 gas that they have in the trans.  
There was one train the was coming from north decah  
and it was going to Virginia. But it blue up in  
West Virginia. When it blue up it was dump in  
gens river. It was nineteen cars long. It cause  
a big explotions.

In popular places can have a big  
mess of things blowing up. Some things I  
know is that it travels for a long time and  
sometimes it doesn't stop.

Sincerely,

Kyleeka

Valeria

Dear San Luis Obispo Supervisors,

I am writing to ask you to please stop oil trains from passing to our school. It is very important to stop them because you never know. They might all explode next to our school. They also might kill people if it is very important to stop it because they are homes and kid and adults that don't want to be by a fire ball. So please dont let them pass through our school because the trains pass right next to our field because something might be outside. So please dont let them pass. Its very scary you never know if they might fall into our school. Thinks about other people it is very important. They might create oil spills.

Sincerely,  
Valeria Velasco

Dear San Luis Obispo Supervisors,  
I am writing to help  
Stop the oil trains from Coming  
past my school. I've learned  
that oil can be explosive  
and dangerous to people and  
Cites. I am very interested in  
this and I want to help  
my beautiful world. I don't want  
the world to have any problems.

Dear, San Luis Obispo Supervisors,

I'm writing to ask you to help us stop the oil trains from coming past my school. That train carries 3000 gallons per crude. In my opinion I think it's not safe for kids all my family has come to this school and I thank to god that nothing has past in this years that's my opinion and I think it will be yours too. I glad I'm writing this letter to you. Be safe and stop trains. Oil is good and bad thank you to you for reading my paper and I hope you stop the trains to be safe.

Dear San Luis Obispo Country.

~~██████████~~  
What I think It's  
Very dangerous because  
those trains are very  
Bad because they explote  
and they destroy houses,  
Schools, bank's, barn's,  
a lot of thinks more  
Some people die  
because the oil  
is Bad if they  
bring so of those  
trains are bad and  
they could explote our  
planet.
